Dear Parents/Guardians,

On Thursday, August 14, Ayers Elementary will be having our “Meet Your Quality Teacher Night”. This is our annual open house event, and it is for all Kindergarten through 4<sup>th</sup> grade students and their families. Doors will be open from 5:00-6:00 pm. Once here, parents and students are free to see the building, their classroom, and meet their new teacher. Kindergarten parents will meet in the cafeteria at 5:10 pm for a short presentation. From here, Kindergarten teachers will lead you and your child down to their classroom for a brief discussion. We also ask that all K-4 parents bring their child’s school supplies on this night. This will eliminate the hassle of your child doing this on the first day of school. We encourage all families and their children to attend, as this is an informative experience for both families and our teachers. If you have any questions, please don’t hesitate to call us here at school.

Sincerely,

Mr. Stankovich
