Biopathways: Connecting Future
Talent to Ohio's Life Sciences Industry

Friday, March 6, 2026

9:30 A.M. - 11:00 A.M.

Ohio Life Sciences represents the leading biotech, pharmaceuticals, advanced medical device manufacturers, wet labs, researchers and numerous other companies comprising Ohio's bioecosystem. More than 4900 life science organizations in Ohio employ 64,000 directly and 206,000 indirectly. With a job growth rate of 12.8%, Ohio Life Sciences is taking the lead with a new K-16 initiative to build a diverse life sciences talent pipeline by introducing students to BioPathways that will support Ohio's bioecosystem.

Presenter: Angela McMurry,
Ohio Life Sciences - Director of
Industry Engagement & Workforce
