STEAM

If you are interested in working in the areas of science, technology, engineering, art and/or math, consider volunteering to share your time and generate curiosity with teens! The schedule and locations for STEAM varies. We ask that volunteers complete a training session and require that all volunteers over the age of 18 who will be working with children pass a background check.

MOBILE PANTRY DISTRIBUTIONS

Volunteers are needed to help sort, package and distribute food at various branches throughout the year.
