

Community Input

The Martins Ferry City School District is always seeking community input regarding the use of federal dollars for Titles I, IIA, IVA and IDEA-B.

Title I funds are used to provide reading/math intervention for elementary students and professional development for staff.

Designated Title IIA funds reduce class size and provide professional development activities to improve teacher quality.

Title IV-A funds are to be used for activities to support well-rounded educational opportunities, activities to support safe and healthy school, and activities to support the effective use of technology

IDEA-B funds are utilized for special education and related services for children with disabilities by supporting unique needs as identified through an Individualized Education Plan (IEP). Monies may be used to provide supplementary aides/services in a regular classroom or other educational setting as well as support professional development activities.

Any suggestions for or questions regarding these programs are welcomed and may be directed to Sue Ferrelli, Director of Curriculum and Federal Programs, at 633-1732. Suggestions may also be mailed to the attention of Sue Ferrelli, Martins Ferry City School District, 5001 Ayers-Limestone Road, Martins Ferry, Ohio 43935.
