

You're invited to the **SOUTH CAROLINA LEGISLATIVE ACTION CONFERENCE**

January 27 – January 28, 2026 | University of South Carolina Pastides Alumni Center

The School Nutrition Association of South Carolina is working to strengthen our voice at the state level — and your participation is essential. By building strong alliances and maintaining a credible presence with elected officials, we can continue advancing Child Nutrition Programs across the state.

SNA of SC has already made meaningful progress on legislative issues, but with ongoing budget challenges and an evolving political landscape, it's more important than ever to work together. Join us as we support state funding and collaborate with SC legislators on future policy that impacts our programs.

REGISTRATION OPENS DECEMBER 16!

Registration will be available on the SNA of SC website. The cost of the event is \$100. Due to limited space, registrations will be limited to the first eighty (80) people registered.
