

Jason Heilman

Jason Heilman is a Transportation Consultant for the Shared Services Alliance with over 15 years of experience in both highway and pupil transportation operations. His career includes leadership roles at the County Board of Developmental Disabilities, public school districts, and the Ohio Department of Transportation (ODOT), where he served as Assistant County Manager. Jason brings deep expertise in state reporting systems, including the School Foundation Payment System (SFPS) and the new DRiVES system launching in 2025. He is known for his technical acumen and ability to help districts navigate regulatory changes and improve operational compliance.
